8 Relay Records May Fall Saturday

400 ATHLETES TO MATCH MARKS IN 31ST EVENT

About 400 high school athletes will be vying Saturday in the 31st renewal of the Cameron Relays at Yoe Field.

Yoe High School Coach Ken Fuqua expects about 25 top track and field stars from 22 Cen-Tex high schools to crack Relays records in eight events, barring inclement weather.

Preliminaries in four field events --pole vault, high jump, shot putt and broad jump begin at 12:30 p.m. Discus competition begins at 2 p.m.

Preliminaries in hurdle, dash and distance events begin with 120-yard high hurdles at 1 p.m., followed by 440-yard relay at 1:30 100-yard dash at 2, 440-yard dash at 2:30, 180-yard low hurdles at 3, 220-yard dash (on curve) at 3:30, and 100-yard semifinals at 4 p.m.

Finals begin at 6:30 p.m.

Twenty-two Class AA, A and B squads have entered team and individual events. Taylor, Elgin, Rockdale and Cameron each provide top competitors who will push Relays records three dash events, the half and mile events and relays events at 440 yards and one mile, Coach Fuqua told The Herald.

TOP HURDLE EVENTS

Mack McKinney, of Cameron, with a 15.1 in the highs and 20.4 in the lows will be vying for firsts in classy fields in both events.

Mooreman, of Rockdale (14.9), Butler, of Hearne (15.6) and Meys,

Directors To Meet Weekly

Industrial Talks Begin Mon.

Directors of the Cameron Industrial Foundation Monday will hear detailed final reports from publicity and finance committees, according to Narvie Caperton, Board president.

Directors will review plans for a speaker's panel going to about 25 Cameron civic, church, cultural and lodge groups during the month of April.

The Foundation board will meet each Monday throughout April, Caperton said.

Speakers from the board of directors will appear before three groups next week.

Presentations on Cameron Industrial Foundation plans and its $100,000 drive will begin with the Business & Professional Women's Club 7:30 p.m. Monday at the First National coffee room.

TUESDAY TALKS

Tuesday, Foundation speakers will appear before the Cameron Delphian Club 3:30 p.m. meeting at the home of Mrs. James Lafferty, 407 W. First St. And at 7:30 p.m. members of St. Monica's Ladies Society will hear a presentation at Simon-George Hall.

About 20 other addresses will be given during the succeeding two weeks, prior to the proposed May 1 kickoff of the Foundation's drive for $100,000.

Finance chairman Bill Burns is winding up preliminary estimates for the drive and drawing up samples of stock certificates and other materials to be used by the finance committee and Foundation board.

Reports from Eugene Smitherman and Frank Luecke will outline additional work being scheduled beside speaker presentations.

Radio panels, feature material and other means are being developed to inform the public on Foundation purposes and Cameron industrial needs.

Presidents of organizations wishing to hear a direct report on Foundation plans may arrange for a speaker by calling the Cameron Chamber office, OX7-2541 by noon Monday, April 4. Speakers will be available throughout April for talks on Foundation plans and industrial needs.

The Foundation proposes to raise $100,000 for three phases of basic industrial work:

ONE -- $40,000 for purchase of land and preparation of the site for use, including land cost, water, sewerage, utility lines, leveling, roadways and other site incidentals.

TWO -- $35,000 for promoting the industrial site, which means employment of professional assistance, advertising in trade journals and engineering services for industrial prospects.

THREE -- $25,000 for a building fund reserve, which includes funds for initiating and financing facilities, if needed, and for leasing or sale to any industrial activity beneficial to the Cameron area.

FOUNDATION PURPOSE

Slated purpose of the Foundation is: "To provide financing, facilities and location for industry, thereby attracting to the Cameron area capital investment in buildings, plants, equipment, inventories and associated payrolls."

The non-profit Foundation will be selling membership shares for $100 cash.

Board officers are: Caperton, chairman; R. W. Wells, vice-chairman; and Henry Siebman, secretary-treasurer.

Directors are: Bill Burns, B. F. Grimes, Frank Luecke, Gene Smitherman, John B. Henderson Jr., Don G. Humble, Lester Williams, Forrest Sapp, Hilliard Thomas, Charlie Burke, Coleman Duncum and Monroe Fuchs. Other committee members are: Albert Collins, finance, and E. A. Perrin, sites.

Cameron Woman Killed Crossing Santa Fe Tracks

Mrs. Ada Sherman, 69, of 1000 So. Burleson, Cameron, was killed at 7:35 a.m. Friday when she apparently walked into the path of a southbound Santa Fe freight train.

Justice of Peace Jess Brock said the impact knocked her about 22 feet. Witnesses to the accident said she was crossing the track in the direction of town and was wearing a large bonnet.

Funeral services were held at 3 p.m. Tuesday in the Bethel AME Church, Cameron. Phillips and Luckey Funeral Home was in charge of arrangements.

Survivors include two sons, Charles Sherman of Chicago, Ill., L. A. Sherman of California; and one daughter, Betty Jean of Clifornia.

Dr. Clifford Swift, County Health officer, said Wednesday that a pilot program under the new Medicare program would be undertaken in Milam County.

In an address before Cameron Rotarians, Dr. Swift also noted definite plans, being drawn by architects, for a new St. Edward Hospital. And plans call for the present facility someday to be renovated for a convalescent home.

107-107-107

A need in Cameron and towns across Texas and the nation is for doctors and nurses to be interested in practicing in smaller communities, outside of metropolitan aras.

The County health officer said only about 10 per cent of senior medical students indicate a preference for general practice, a trend apparently developing since medicine has become so specialized and the prestige for doctors doing research for publication.

Registered nurses are in equally short supply, he said. And the Medicare program will increase demands not only for competent professionals, but for facilities as well.

107-107-107

It all adds up to the need for new efforts through professional groups and scholarship programs to attract bright young minds into the medical field. The greater demands of millions of Americans 65 or older will have to be met.

At Natl. Conference

Local Churches Honored

The First Mexican Baptist Church in Cameron has been named the outstanding Southern Baptist "small" congregation for 1965 and the San Gabriel Baptist Church was recognized as outstanding church of the year and top church in category 2 (101-200 members).

The honors, which were announced at the denomination's Nationwide Rural Church Conference in Gulfport, Miss., came as part of the Church Development Ministry of the Baptist Home Mission Board and state Baptist conventions.

First Mexican Baptist Church of Cameron shared top honors in category No. 1 (under 100 membership) with the Argyle Baptist Mission in De Funiak Springs, Fla. Rev. R. R. Martinez, who attended the Mexican Baptist Bible Institute in San Antonio, is pastor in Cameron. He attended the conference and accepted a bronze plaque awarded for significant accomplishment as pastor of the local church.

The San Gabriel Baptist Church, that found it had to take Spanish-speaking people into its membership to minister effectively to them, was recognized as the outstanding church of the year, as well as top church in category 2 (101-200) members.

Twenty-two states were represented at the conference in Mississippi.

First Mexican Baptist (Primera Iglesia Bautista) Church was selected the outstanding church in the Baptist Development Program of Texas by the Baptist General Convention of Texas and received honors at their convention in Houston last November.

The San Gabriel Baptist Church was also honored at the state convention for outstanding work in 100-200 membership churches. The former San Gabriel pastor, Rev. Bill Parmer, was named Texas Rural Pastor of the Year in 1963.

The Cameron church, which observed its 40th anniversary last year, worked on projects in the program "Toward a Better Church, Community and World." Rev. Martinez said, "We were moved to do things that for years had been undone . . . . and we have done the things we thought we never could."

Milam Petit Jury Finds For Plaintiff

A 12-man Milam petit jury Wednesday found for the plaintiff in the case of Rotan Mosle & Co. vs. Selon J. Richards of Rockdale, seeking recovery of an alleged $2,728.92 overpayment to Richards.

The case was heard in Milam District Court with Judge W. C. Wallace presiding. Case was originally filed in Harris County.

Rotan Mosle & Co. alleged in the original plaintiff's petition that Galveston representatives of the Harris County stock firm purchased 91 shares of American National Insurance Co. common stock for $23.125 share.

Plaintiff alleged that misreading by a firm employee of a long-hand entry of the amount per share caused it to be read $53.125, which was later paid per share for 91 shares of Richards, defendant in the case.

Plaintiff is seeking recovery of the alleged overpayment of $2,728.92 plus interest from the date of payment. Plaintiffs said a lump payment of $4,832.42 was made to the defendant.

Jury selection for the suit began Tuesday, drawing from a venire of 48 persons.

Jurors are: Leland Garrison, E. A. Russell, L. A. Sales, Edwin Zawadzke, H. D. Woods, R. D. Wise, Hugo Fuchs, Arnold Glaser, F. E. Black, C. B. Wadlington, George Jones and Vaughn Jensen.

City Council Orders Stray Dog Roundup

The Cameron City Council last week ordered Police Chief Elvin Hoskins to pick up all stray and untagged dogs in the city. The order came following numerous complaints by city residents.

Hoskins said his instructions are to pick up the strays if possible, and if they can not be caught, to shoot them.

He said he had picked up 23 dogs during the past week and 9 had been claimed by owners. The dogs are kept for 3 days at the city dog pound on E. Gillis.

Deadline Today For Auto License Plates

Today (Thursday) is the last day to buy license plates for vehicles without penalty. Deadline for buying plates is March 31 and the plates should be on vehicles by tomorrow, April 1.

The plates are on sale in the county tax office located in the basement of the courthouse, Cameron.

Firm To Assist Planning Board

Members of the Cameron Planning Board and City Council will meet with representatives of Bernard Johnson Engineers, Inc. of Houston Friday, April 1 at 3:15 p.m. at the Chamber of Commerce office.

Planning Board members voted in a meeting last Friday to ask the City Council to employ the consulting engineers and planners firm to draw up plans and recommendations for improvement for the City of Cameron.

A. W. McCullin, Planning Board chairman, said G. Dieter Ufer, business development engineer, would appear before the group Friday along with other representatives of the firm.

Bernard Johnson Engineers, Inc. gained the unanimous approval of the Planning Board as the firm to select for the work. The Board and members of the City Council met with the firm's representatives last November to review information on ways of renovating and modernizing areas of the city.

McCullin said this firm has worked with a number of cities in this area in planning city renewal and development and come highly recommended.

Serving on the Planning Board with McCullin are: E. A. Perrin, Bill Burns, Judge Don Humble, Miss Mildred Thornton, Ed Schiller, Leo Fuchs, Rev. Richard Freeman and Mrs. Lois Sapp.

Summer Baseball Planners Meet

An organizational meeting for the Cameron Little League program has been called by Griffin Barrett, president. Managers and all interested parents and residents will meet at 7 p.m. Thursday (tonight) at the Texan Cafe.

Barrett said the meeting agenda would include discussion about the condition of the playing field and spectator stands, season dates and team managers for the coming year.

He said one spectator stand had to be removed last summer when it became unsafe and had not been replaced. He added that remaining stands also needed checking.

Cameron's summer baseball program this year will include four leagues with the addition of a Senior Teenage League. Barrett said Minor League would include boys who have completed the 1st grade through 9 years of age. Little League is for boys 10 on or before August 31 through 12 and Pony League for ages 13 through 15. The new Senior League will be for 16 through 18 year olds.

Barrett said they hoped to have more managers for each team this year and would also need managers for the new league.

The summer baseball program in Cameron last year included about 150 boys.

BOY SCOUT SKILL-O-REE AT ARMORY

Camping skills, collections, and crafts will be on display at the Tejas District Boy Scout Skill-O-Ree, Saturday, April 2 at the National Guard Armory in Cameron.

The Skill-O-Ree will be open to the public from 3 to 9 p.m.

Ten units will participate in the annual camping display which will include an ideal camp site to be set up outside the Armory by Cameron Troop 52. Cub Scouts, Boy Scouts and Explorer Scouts will enter the Skill-O-Ree.

Joe Moehring, district Scout executive, said awards would be given to each unit according to points received for their display.

Tickets for the show are available from local Scout units. They are 50 cents for adults. Children under 12 will be admitted free if accompanied by their parents.

Allen Dodson, district camping and activities chairman, is in charge of the Skill-O-Ree. Committee members are Ken Fuqua, Jim Markham and Frank Luecke.

C of C Asks Support In Membership Drive

William Watkins will head a one-day membership drive, today (Thursday), for the Cameron Chamber of Commerce. Workers will be contacting 75 prospective members to discuss future plans and programs of the Chamber, according to Monroe Fuchs, Chamber president.

Fuchs said "New programs and goals being pursued by this organization call for 100 percent support and interest on the part of this community. One of the major benefits to these programs is individual and business memberships in our local Chamber."

Watkins told membership drive workers "Our Chamber budget is continually stretching itself to meet increasing demands of new programs. The concentration of developing our knowledge and preparing for industrial development, both for local concerns and those outside the local business community who are seeking new locations, and the development of the tourism industry alone are adequate reasons why every interested individual and business firm should join the Chamber."

School Elections Slated

School elections will be held Saturday with only one contested race in Milam County. Buckholts School District has three candidates for two places on the Board.

Incumbents Lane Horstmann, appointed to the board last fall, and K. D. Griffin, veteran board member, are seeking re-election to the Cameron Independent School District Board.

Voting for the Cameron Trustee election will be at the Yoe High Gym from 8 a.m. to 7 p.m. Saturday, April 2.

The Cameron School Board will meet tonight (Thursday) to name an election judge for Saturday's polling. Felix Matula Jr., previously appointed election judge by the Board, is ill and will not be able to serve.

In Buckholts Elbert Svetlik is a candidate for School Trustee along with incumbents Calvin Shenkir and Arnold Glaser who are seeking re-election.

There are two seats up for election on the Buckholts Board.

In Milano Raymond Ashley and Ray Whited are candidates for the two places to be filled on the Milano School District Board.

Gause School District will elect three to the local Board with W. E. Bailey, Carl J. Walker and David L. Wilkins seeking election.

Three will be elected to the Milam County School Board. E. A. Perrin is running for re-election for the place of Trustee At Large on the County Board. John Henderson Sr. is a candidate for re-election to the County Board from Precinct 2 and Willie F. Glaser seeks re-election from Precinct 1.

Voting throughout the county will be at the schools and polls will be open from 8 a.m. to 7 p.m.

19 Acknowledge Plan On E. 8th Curbing, Officials Report

Nineteen letters from a total of about 24 property owners along E. Eighth St. from North Washington to North Jackson have been received by the City acknowledging approval of curbing plans.

City officials said that curbing will begin after acknowledgments for the curbing project have been received from remaining property owners.

East Eighth St. property owners are agreeing to payment for curbing along the street. The City plans to pave by double-coat penetration, replacing the old surface.

Curbing contractor will begin work as soon as all acknowledgments are in, City officials said. Deadline for sending acknowledgments is April 5.

Study Shows Most Families Adjust To Available Housing

COLLEGE STATION

Because most people are flexible, modern families are known to make quick adjustments to inconvenient and unsuitable housing, says Mrs. James Berry, Texas A&M University housing and home furnishings specialist.

Researchers have been delving into family housing preferences and acceptability of available housing to families. One such study was made in Massachusetts recently, where a housing opinion survey asked respondents if they enjoyed their housing, just accepted it, or found it a source of irritation.

Results of the survey should be of interest to urban housing planners, sociologists and many other groups, Mrs. Berry emphasizes. More than three-fourths of the families in the Massachusetts study indicated that they actually liked or enjoyed their housing. Less than eight percent found their housing a source of irritation.

Among sources of irritation, however, which respondents in the housing study identified were the small size of the house, which ranked first;and lack of storage, noise, high cost, lack of privacy, maintenance problems and poor was annoying to family membes. room arrangement. More than 62 percent of the 545 households surveyed said that excessive noise was annoying to family members.

The three most important features desired in a home, according to families in the study, were the floor plan, location and size of the lot.

Location topped the list of factors that had influenced the choice of their present homes, the survey families reported.

RELAY—

Continued from page One

of Round Rock (15.4) are expected to push, if not break the high hurdle mark of 14.6.

The same field, plus Cameron's Fogle (21.2) will probably push down the old Relays low hurdle record of 19.9 held by Patterson, of Waco, since 1956.

Records are expected to fall in both half-mile and mile runs with Clark of Taylor, Griffith of Copperas Cove, and Mohel and Fox, of Taylor fast in the 880-yard distance.

Elizar Elucio, of Del Valley with a 4:31 and a third place in AA state competition last year and Cameron's Paul Chandler (4:44.9) will probably break the meet record of 4:32.3 set by Barrett of Manor in 1962.

Taylor will bring relay teams that already exceeded meet records in the 440-yard and mile relays. Taylor Ducks posted a 43 flat in the quarter relay and 3:28 flat in the mile relay this year. Meet records are 43.6 and 3:31.4 held respectively by Taylor and Georgetown.

RELAY RECORDS

Relays squads in both events from McGregor, Elgin, Cameron and Reicher, of Waco, have all posted fast times. McGregor has equalled the meet record of 43.6 while both Cameron and Elgin have approached the mile relay mark with identical 3:35 times.

Coach Fuqua said that Hereman, of Taylor, will probably crack the Relays record of 9.9 in the 100 if he equals his best of 9.8 in previous competition. He is also a favorite in the 220 with a 22.1 (on the curve).

Taylor's Rummel brings a 50.5 best to a fast 440-yard field. Cameron's Michalka has posted a 52.5 and Elgin's Gonzales has a 52 flat for the distance. Relays record is 50.6.

S. Jones, of Elgin is another speedster in the dashes with a 100 mark of 9.9 and a 220 mark of 23 flat.

Mike McDaniel, of Cameron, is a favorite in the discuss following a toss of 148 feet. The meet record is 153 feet.

Finals will continue nine events from 6:30 to 8:15 at Yoe Field Saturday.

Winners in the Cameron Women's 10th Annual Invitational Golf Tournament March 23 at the Cameron Country Club. WSCS Hosts Annual District Meeting, Luncheon Tuesday

Progam cover for the Bryan District WSCS annual luncheon meeting Tuesday in Cameron was an exact duplicate of the cover for the Woman's Society of Christian Service, Texas Conference, charter meeting in Cameron 25 years ago.

The First Methodist Church was host for the meeting with 132 attending.

Mrs. C. Morton of Beaumont, conference secretary of Membership Cultivation, was guest speaker. Theme for the meeting was "Let Each Take Care How He Builds."

Mrs. Howard Tucker, president of the Cameron WSCS, welcomed district members and Mrs. T. L. Clemons, acting district president, introduced guests.

Included in the program was organ music by Mrs. Hilliard Thomas, singing led by Mrs. Bil Crockett, reports by district officers, Conference Echoes by Mrs. Charlie Loehr, district secretary of Membership Cultivation and installation of officers with Mrs. Clemons installed as district president.

A white carnation for each deceased member was presented during a memorial service. The flowers are to be placed at the graves. Mrs. J. P. McGown of Caldwell led the service.

Rev. N. A. Brawner, Bryan district superintendent, gave the benediction and grace.

Mrs. Bob Terry was chairman of arrangements for the luncheon assisted by Mrs. Janie B. Rawls, Mrs. Morris Evans and Mrs. John Henderson Jr. Mrs. Leland Green Sr. and Miss Lena Yoe were in charge of registration. Ushers were Mrs. E. A. Perrin, Mrs. Claude Triggs, Mrs. J. H. Thomas and Mrs. John Rosson.

PERSONAL—

Mrs. Lester Williams is attending a Girl Scout training conference in Norman, Oklahoma, this week.

Mr. and Mrs. John Henderson Jr. attended the District and County Attorneys meeting in Corpus Christi last week.

Mrs. Don Avriett, formerly of New Orleans, La., is now living at the Regis in Waco. She gave a reading at a recent Newcomer's coffee at the Regis and accompanied the group in singing songs during the reception. Mrs. Avriett is a former resident of Cameron.

Joe R. Walzel of Texas City was in Cameron last weekend enroute to a business meeting in Waco. Walzel is with the Corps of Engineers at Texas City.

Mrs. Florine Sampson Taylor of Dallas visited friends in Cameron last week.

THE FAMILY LAWYER

SUING UNCLE SAM

Camping out in Yellowstone National Park, a man was attacked during the night by a rambunctious black bear.

Later he sued the federal government for damages, blaming Park Rangers for not warning him of an outbreak of similar attacks in the area.

Until recent years such a claim would have been tossed out of court. Even if the government's employees had been guilty of negligence, a lawsuit was blocked by the ancient doctrine that "the King (that is, the government) can do no wrong." A victim's only hope then was to be compensated by a special act of Congress.

But in 1946, Congress passed the Federal Tort Claims Act, opening the door for the first time to suits of this kind. The bear-bitten camper in the case above, suing under the Act, did win substantial damages for his injuries.

By and large, the Tort Claims Act is limited to cases of negligence. Thus it does not let you collect for various intentional wrongs by government employees, such as assault and battery or false imprisonment.

Nor does it extend to injuries casued by decisions made at the higher levels of government, such as a decision to conduct nuclear tests in Nevada.

Neither are you entitled to payment merely because you injury happened to occur in government property. You must also have a legitimate cause for complaint. For example, a sightseer who slipped and fell in a corridor of the Capitl building was denied damages from the government, because there simply wasn't anything wrong with the floor.

It is in the ordinary negligence situations that you now have a right to sue Uncle Sam. To illustrate:

A motorist won damages from the government after his car was struck by a careless FBI agent.

A woman won damages from the government after she lost her footing and was injured on a slippery ramp at a Veterans' Hospital.

And a woman won damages from the government after a faulty window at the local post office came crashing down on her fingers.

In other words, nowadays the "King" not only can do wrong but also can be made to pay for it.

Former Yarrelton Teacher Dies; Rites Held At Sweeny, Tex.

Funeral services were held at 3:30 p.m. March 21 in Sweeny, Texas, for Mrs. Vades O. Richardson, 66, former Yarrelton teacher and sister of Mrs. Bernice McCall of Cameron.

Mrs. Richardson, elementary principal in the Sweeny Schools since 1948, died in Wichita Falls while visiting her brother who had undergoing surgery. Burial was in Van Vleck.

She was born in Rosebud June 26, 1899. She married Joseph Samuel Richardson of Sweeny in 1921 and they had lived in Matagorda County for the last 45 years.

She received a B.S. degree from the University of Houston in 1940, M.S. in 1946, A.M. in 1954, and was working on her doctorate at Baylor.

Her 1st teaching position was the Yarrelton School in 1919-20. She also taught in Bay City and Hasima, was elementary principal and teacher at Ashby, High School principal in Van Vleck and High School teacher and elementary principal at Sweeny.

She was listed in Who's Who in American Education in 1959-60 and planned to retire in May after 47 years of school work.

Survivors include her husband; three sons, Joseph D. and Kenneth J. of Sweeny and Frank M. of Houston; three sisters, Mrs. McCall, Mrs. Ruby Hargett of Sugar Valley and Mrs. C. T. (Maxey) Gibbs of Bay City; three brothers, J. C. and W. A. Underwood of Wichita Falls and W. P. Underwood of Brady.

IRS Answers Tax Questions

This column of questions and answers on federal tax matters is provided by the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers question most frequently asked by taxpayers.

Q - I'm a salesman and get paid on a commission. Am I entitled to any sick pay exclusion and, if so, how do I figure it?

A - You are entitled to the sick pay exclusion if you are an employee and receive sick pay under the same conditions as those on a salary basis. These conditions are explained on page 7 of the 1040 instruction.

To figure your regular weekly pay for this purpose, take all the income you receive for the our weeks prior to your illness and divide by 4. Use this amount as your weekly pay in determining if you meet the 75 percent test.

Q - Have there been any changes in the tax law since I filed last year's return?

A - The major change for most taxpayers is the lower tax rate on 1965 income resulting from the second stage of the 1964 tax cut. The law now allows a pay exclusion for servicemen in Vietnam, which is explained in the 1040 instructions. Last year's excise tax reduction has little, if any, effect on individual filing requirements.

Q - Our 19 year old son isn't married and lives at home with us, but he earns over $600 a year. Can we claim his exemption since we give him room and board?

A - If he is a full-time student and you furnish over half his support and eligible to claim his exemption. Check the 1040 instructions for details.

Q - I lost my wallet with over $100 while Christmas shopping. Is that a deductible loss?

A - If the wallet was stolen and not lost or mislaid then you may be able to deduct a portion of your loss. On casualty and theft losses only amounts over $100 may be deducted.

Q - I received $6,500 as compensation for injuries received in an auto accident last year. Is that taxable?

A - No, it is not. You do not have to report as taxable income the amount of any damages received by either suit or agreement as compensation for personal injuries.

Q - I just filed my return. How long do I have to keep my tax records?

A - The length of time varies depending on the type of record. As a general rule, records on itemized expenses should be kept at least three years from the date the return was due while others should be kept longer. This is explained in detail in Document No. 5518 which is available from your district IRS office.

Q - Is the filing requirement different for self-employed people? Do they have to file when they earn less than $600?

A - Filing requirements are the same except that those who are self-employed must file a tax return when net earnings from self-employment are $400 or more.

Q - I had some bridgework done by my dentist last year. Can I deduct what it cost me?

A - If you itemize, this cost is deductible as a medical expense for the year it is paid. Remember that unless you or your spouse are 65 or over only those medical expenses in excess of 3 per cent of your gross income are deductible.

Q - When is bank interest taxable? I'm not sure when to report my interest for the December 1965 quarter. This interest is credited in 1965 but it was not entered in my bank book until this year.

A - Bank interest is taxable the year it is credited to your account. In your case the interest for the December 1965 quarter is 1965 income.

Q - Our daughter is very photogenic and the local photographer uses her as a model on occasion. She is only 7 years old. What do we do about the money she earns?

A - Individual, whether a minor or not, must file an income tax return when gross income is $600 or more. This would apply in your daughter's case.

You would be able to claim her as a dependent if the money she earned was not used to provide more than one-half her support for the year. If you put most of her earnings in the bank or if what you spent of her earnings did not equal what you provided in food, shelter and medical care, you will be entitled to claim her as a dependent.

Q - Can I deduct the state inheritance tax I paid on some property I received last year?

A - No you can't. State inheritance taxes are not deductible. On the other hand, you do not have to pay federal income tax on the value of this property. Make a note of the value of the property on the date you received it so that if you decide to dispose of it you will have a basis to determine the profit or loss on the sale.

PROTECTING TENT BOTTOM

Damp ground kuickly deteriorates the best of canvas floor covering. However, if you use forethought enough to cut an old rug pad the size of the tent floor you will save the expensive canvas.

Just lay the old pad on the ground and pitch your tent over it.

● BUCKHOLTS NEWS ●

By Mrs. J. W. Meyer

A family reunion of the W. H. Ezzell family was held Sunday at the home of Mr. and Mrs. C. R. Criswell. It was the first time in 16 years for all the 11 children of Mrs. W. H. Ezzell to get together.

Those here for the occasion were the honoree, Mrs. W. H. Draft Boards To Call 979

AUSTIN

State draft boards will be called upon to furnish 979 men for the armed forces in April, the lowest monthly quota since August 1965, Colonen Morris S. Schwartz, state Selective Service director, said Tuesday.

Monthly calls in the period from September through March ranged from a low of 1,068 to a high of 1,523.

Colonel Schwarz also announced that 3,005 men would be sent for draft mental-physical examinations in April, a reduction from 5,515 in March.

He also said state Selective Service had received a quota for 135 physicians to enter the Army, Navy, and Air Froce in July, August, and September.

A call for 31 male nurses to enter the Army ond Navy in April May, June and July arrived at the same time as the quota for physicians.

The state draft director pointed out that the number of men in the state's 1-A pool was reduced from 100,000 at the end of August 1965 to 51,090 at the end of February 1966.

During the same period, he said, the number of men classified as students rose from 85,000 to 104,000. At the end of Jancary, there were 106,000 men classified in 2-S as students, the first material reduction in the pool since October 1964, when the number was 74,000.

"From October 1964," Colonel Schwarz said, "to January 1966, the student pool rose steadily from 74,000 to 106,000. Then, this pool was reduced by 2,000 in one month."

4—H CLUB NOTES

By Donald L. Bailey

The Milam County 4-H swine program held a Litter Management Contest Wednesday, March 23. The purpose of the contest was to award the top three 4-H'ers in the county for doing the best job with their sows gilt.

The winners are: 1st, Shelley [illegible] Minerva 4-H; 2nd, Donald Fleming, County-wide 4-H; and 3rd, Billy Grimm, Thorndale 4-H.

Mr. W. G. McCoy, Texas Power & Light Agriculture Representative used the following score card in judging the contest: No. of pigs weaned per litter, 20 points; Litter weights, 15 points; Feeding and Management, 30 points; Sanitation, Disease and Parasite control, 20 points; Record Book, 15 points.

Shelley's gilt weaned 7 pigs that had an average weight of [illegible] pounds at 42 days of age. Donald Fleming's gilt weaned [illegible] pigs that had an average weight of 37.7 pounds at 51 days of age. And Billy Grimm's gilt weaned 7 pigs that had an average weight of 24.8 pounds at 48 days of age.

The Milam County 4-H Council held a meeting Saturday at the Citizens National Bank in Cameron to plan county 4-H activities.

With the help of Patsy Stephens, Council Chairman; Larry Jungmann, Council Treasurer; Madeline McClaren, Council Secretary and Elizabeth Nelson, the following activities were planned for the Milam county 4-H Clubs.

Two camps are in the plans for this summer. One will be held at Huntsville with Conservation as the general theme. This camp will last 3 days with four counties being involved at the same time. These counties are Milam, Falls, Limestone and McLennan.

The other summer camp will be held at Salado. This is a District Leadership Development Camp for 4-H'ers 14 years old and older. Dates for the two camps have not been set.

District 4-H Contest, for those 4-H'ers that were winners in the county Elimination contest, will be held at Tarleton Station in Stephenville on Saturday, April 16, 1966.

Council decided not to hold the King and Queen Contest this year. Council did decide to have the concession stand at the County Broiler Show to be held Saturday, May 21.

Produce Counters Acquiring Springtime Look

Produce counters are taking on a springtime look as asparagus and other fresh vegetables appear in larger supply, reminds Mrs. Gwen Clyatt, Texas A&M University extension consumer marketing specialist.

Although prices are somewhat high on fresh vegetables, there's good quality broccoli, Brussels sprouts, green cabbage, carrots, celery and some tomatoes available. Lettuce is priced more economically. Green beans, squash and cooking greens vary in quality while good values are found in potatoes, dry onions and turnips.

Fruits available in good quality are apples, pears and grapes from storage. Bananas are economical. There's an ample supply of grapefruit of excellent flavor and quality. Oranges also are good buys. Some stores are featuring Hawaiian pineapple and avocados. Melons and strawberries are arriving and retailing at first season prices.

Good buys at the meat counter are turkeys and chicken hens. Prices on frying chickens are not quite so low as they were last year, but they are still good values.

Beef prices are slightly higher than a year ago, and there are fewer specials on beef steaks and roasts this week. Ground meat is a little higher, too, but you can save money on ground beef if you use or store two or three pound packages.

Cured pork items, ham and bacon prices are down a bit partly because of consumer resistance.

Even though egg prices are up from last year, they are considered a good protein choice. Large size eggs are still the most economical.

Cheese and other dairy foods are good Lenten menu choices, along with various types of fish.

FHA Approves Recreation Loan For Thorndale

A [illegible] direct loan to a group of 153 farm and rural families in Milam County to develop a swimming pool and recreational facilities has been approved by the Farmers Home Administration, reports Leroy N. Ivey, county supervisor of the Milam County office. The loan was closed at the Thorndale City Hall on last Thursday.

Thornndale Mayor Martin Jenke said, "The loan will enable the City of Thorndale to provide recreational facilities for residents."

Construction of the project will provide 600 man-days of labor for heavy equipment operators, pipe layers, electricians, plumbers, welders, carpenters, brick layers and other laborers. Some six (estimated) people will be employed in the construction of the water system.

Ivey said rural recreational loans have a direct immediate impact on a community's overall development and will increase the standard of living of farm and rural families.

The Farmers Home Administration loan is to be repaid over a period of 40 years. Rural recreational facility loans are available to organizations operating on a non-profit basis. Small rural towns and other rural political subdivisions are also eligible.

Since January 1961, the Farmers Home Administration has made 294 loans to rural groups and small towns in Texas for a total of $31,734,130.

Scouting Awards For Pack 213 Members

Scouting awards were given at the Pack 213 meeting Tuesday night.

Bobcat awards were presented to: Phillip McCall Jr., Ronnie Thweatt, Jeffery Nelson, Allen Jones, Winston Hillman, Scott Mitchan, Ricky Hollas, Randy Sapp, Blaine Laywell, Steven Haag, Steven Bornfield, Mike Robinson, David Fincher, Bryan Cobb.

Receiving the Bear Badge were: Jim Delony and Eugene Strickland. Eugene Mitchan was awarded the Gold Arrow Point, Greg Sheguit the Silver Arrow Point and John Kestenbaum the Denner Badge.

Leland Horstmann, Eugene Michan and Terry and David Fikes received Service Stars.

Connally Asks Texas To Cite Industrial Week

During Texas Industrial Week, April 1-7, Governor Connally has asked the citizens of Texas to give due recognition to the industry of our State. Local chambers of commerce will be striving, especially during this week-long observance, to demonstrate how a favorable business climate and the promise of increased profits can affect the growth and expansion of existing industry and encourage new industries to locate here in Texas.

The average Texan may wonder "Who really profits from profits?" The following statements illustrate we all benefit from profits. Employees benefit from profits because without profits a company cannot long exist and without a company the jobs it provides will be lost. Profits enable a company to expand, hence creating new and better jobs.

Shareholders benefit from profits because they enable the company to pay the owners of the business a fair return on their invested savings and the risks they are taking. Customers benefit from profits because they help to improve the general business climate that raises our living standards. Government benefits from profits in added tax revenues.

It is the prospect of profit that inspires the hiring of people in industry; it is the dimming of that prospect that breeds unemployment and slows economic growth. Who benefits from profits? We all do.

DKG MEETING

Beta Nu Chapter of Delta Kappa Gamma will meet at 8:30 a.m. Saturday, April 2 at Houston's Restaurant in Marlin. Lott members will be hostesses for a breakfast. Program topic will be "Medicine and Science" with Mrs. Hazel Plasek as leader.

March 31 Deadline For Crop Insurance

March 31 is the final date for Milam County farmers to take advantage of the Federal Crop Insurance Corporation's program of investment protection for cotton and grain sorghum, according to Ben A. Jordan Jr., State Director for FCIC.

Features of the Federal Crop program when combined with the new ASCS cropland programs make an attractive package that not only insure production costs, but provide a minimum income protection - cost plus some profit - in the event of crop loss, Jordan says.

Using cotton for example, he says, a farmer with a projected ASCS farm yield of say 283 pounds will receive a price support of $26.66 an acre at the 9.42 cents a pound level. Coupled with Federal Crop's guarantee of about 180 pounds of quality cotton at 30 cents a pound, the farmer would receive an additional $27.00 an acre if a loss occurs before the first blossoms are shed or $43.20 an acre if the loss is after first blossoms and before harvest.

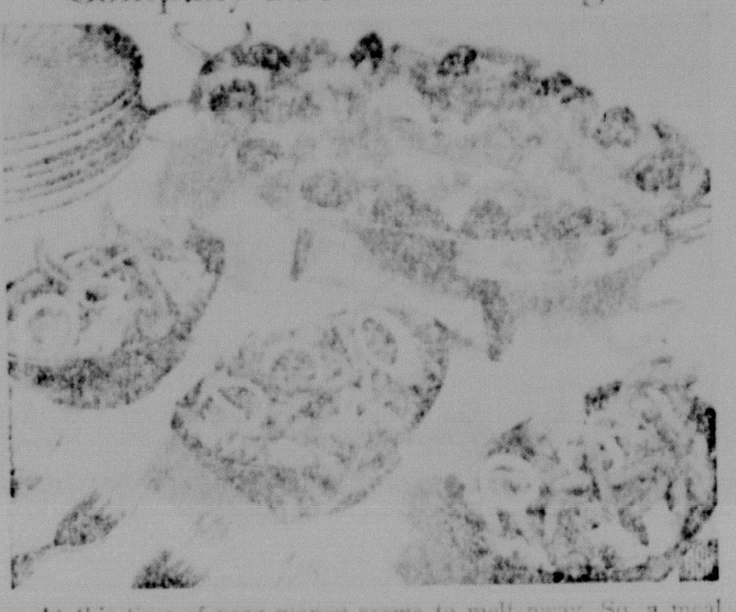
Deducting the low FCIC premium, a farmer is guaranteed a minimum under the two programs of about $50.16 an acre or $66.36 an acre depending upon when the loss occurs.

Federal Crop Insurance has provided almost $5,000,000 in guaranteed income protection for Milam County farmers against loss of crops from unavoidable natural hazards since its inception in the county. During this same period Milam County farmers have received direct payments in excess of $420,000 for damage to cotton and grain sorghum crops.

As a non-profit agency of the U. S. Department of Agriculture, the Federal Crop Insurance Corporation has been a leader in providing an economic boost to Agriculture in the county at the time it is sorely needed - when farmers lose their crops, Jordan says.

Farmers interested in complete details of how Federal Crop Insurance can fit their individual farming needs and how it can be combined with the new ASCS programs may contact Carl H. Thomas District Director, Amicable Life Building, Waco, Texas.

Company Food On A Budget



At this time of year money seems to melt away. So, a meal that is extra good for family or guests . . . and easy on the food budget is welcomed. Serve Spanish Sauced Meat, Green Bean Salad Lorenzo, Corn Bread and Pumpkin Pie for a dinner to enjoy.

Spanish Sauced Meat

1 small green pepper
1 medium size onion
1 clove garlic
1 can (3 to 4 oz.) mushrooms
¼ cup olive, *or* salad oil
2 tablespoons flour
1½ teaspoon salt
⅛ teaspoon cayenne
¼ teaspoon each of rosemary, thyme and marjoram
1 can (10½ oz.) tomato purée
1 can (1 lb.) tomatoes
½ cup pitted ripe olives
2 cans (12 oz. each) luncheon meat

Cook coarsely chopped green pepper and onion, minced garlic and drained mushrooms (saving the liquid) in oil until lightly browned. Stir in flour and seasonings. Add mushroom liquid, tomato puree, tomatoes and olives; cook until thickened, stirring. Cut luncheon meat into thin slices, and each slice into half. Put ⅓ of the meat in a baking dish and top with ⅓ of the sauce; repeat until all meat and sauce are used. Bake in a moderate oven (350 degrees) about 30 minutes. Six generous servings.

Green Bean Salad Lorenzo

Mix ½ cup bottled French dressing, 1 teaspoon Worcestershire sauce, 1 tablespoon chili sauce and ¼ cup chopped watercress or parsley. Pour over a 1-pound can of whole green beans that have been drained. Chill for 1 or 2 hours. Slice a small onion and separate into rings and mix with the beans. Toss lightly with a quart of crisp salad greens torn into pieces. Six servings.

Cong. Poage Comments On Merits Of Time, Daylight That Is

By Cong. W. R. Poage

It would probably not change the course of history whether we used the hours shown by a sundial in Texas or a cosmic clock in Greenwich, England, but the hour which our clocks strike at sun-up can always quickly ignite a heated argument.

Personally, I like Daylight Savings Time (my wife doesn't like it at all), but I don't think that the Federal government should impose it on any state or locality which doesn't want it. Texas has never used it and I don't think we should have to just because the people of the Eastern cities want it. For many years the Congress has passed legislation authorizing Daylight Savings Time. I don't think this is necessary. I think that any community that wants fast time has a right to have it without congressional action. By the same token, I think that those communities who don't want it should not be compelled to use it. Day before yesterday the House passed a bill requiring any state that wanted to use fast time in one section to use it all over the state. I think this was sillt. I voted against it.

Yesterday our Subcommittee on Livestock and Feed Grains voted 6 to 2 to approve the bill I had introduced to protect laboratory animals, particularly cats and dogs. The Full Committee will probably hear the measure next week. Everybody says they favor kind treatment for dumb animals and all agree that we should stop the black market in stolen pets but many people think our bill goes either too far or not far enough in the way of control of scientific experiments. (It specifically exempts the actual experiments from any kind of government control or regulation).

Last week the Department of Commerce issued a regulation requiring a permit to export hides from the United States. This has had most unfortunate repercussions in the price of cattle. In fact, fed steers dropped the first of the week by approximately $1.00 but did regain a substantial part of this loss. The direct effect of this embargo was to drop the price of hides by about $3 or $4 per animal and to destroy the rapidly growing market which we are developing in Mexico, Japan and a few other countries. I see no justification for doing this. It only benefits the shoe manufacturers and does it at the expense of cattle growers. If the shoe people were going to pass on some reduction of price to consumers, there might be some argument, but the truth is that during the whole period when hides were so low in recent years, the price of shoes was not reduced one penny, and I can't believe that they will be reduced as a result of this loss of value to the farmer.

PROTECT CAMERA FROM COLD - Now-a-days most sportsmen carry cameras with them to record their trip. In freezing weather the operation of such cameras often is impeded.

To prevent such shutter freezing and also keep your hands warm - tape a hand warmer to the camera bottom, or aside.

TENT POLE SKID - Here's a new use for old hub caps.

Carry one along with you on your next camping trip and place it under the center pole of your umbrella tent. It will prevent floor damage and pole slipping.

And, if you don't use this type of tent, hubcaps make great ash trays for any camp.

Precision Cotton Planting Boosts Yields 13 Percent

COLLEGE STATION

Cotton yields in Texas A&M University tests are being upped a sizeable 13 percent by using preshaped beds and a new-fangled precision-depth cotton planter.

And A&M Extension specialists and researchers say most any cotton farmer can do the same.

Lambert Wilkes, agriculeural engineer at A&M, designed both a bed shaper and the planter to pave the way to the higher cotton yields.

Wilkes uses the bed shaper about a month or more before planting. It smooths and leaves the beds table-top flat for faster, more accurate seed placement.

Then, he uses his new precision planter on the flat beds. Since the shaped beds are level on top, the usual sweep which runs in front of the furrow opener on a conventional planter, is elimated on Wilkes' model.

His precision planter has a curved, runner-type furrow opener that forms a narrow "V" shaped furrow. It slices cleanly into the soil, leaving a neat seed trench about an inch and a half wide for the seeds to drop into.

Wilkes says the old-type sweep and chisel furrow opener usually leaves a ragged, wide, uncertain furrow, where some seed will be deeper than others. Also, seed is usually scattered from one side of the furrow to the other.

But not so with the precision planting. Each seed is dropped neatly into the seed trench at a uniform depth, in a straight line.

The shaped beds are from 1 to 3 degrees warmer at planting time because the flat top absorbs more direct sun he says.

This, combined with precision placing of the seed, promotes faster germination and emergence. In A&M tests, a 70 percent stand was up on shaped beds in 6 days, while it was 11 days before a stand was up on conventonal beds.

As a result of the rapid germination, says Wilkes, in A&M tests 72 percent of the precision planted cotton was ready to harvest on September 9. But only 54 percent of that planted with regular methods was ready. And precision planted cotton yielded one-fourth bale per acre more.

Wilkes figures the earlier harvest and higher yield adds up to about $40 an acre more income. Quite a talking point, most growers will agree.

County Agent's Notes

Tomato Growers Test New Plant

By J. D. Moore

A promising new tomato variety called "Nematex" developed by Dr. A. L. Harrison, Plant Disease Laboratory at Yoakum, has been released and a few plants will be available locally. August Kunz, a plant enthusiast who lives at 208 S. Karnes St. in Cameron, planted some of the seed last week and will have enough plants for local gardeners to test.

The Nematex has multiple disease resistance and is resistant to most all of the common species of root knot nematode. None of the local, standard commercial varieties of tomatoes have any resistance to nematodes. For this reason, Nematex should be a good garden variety and also have a place in commercial production when root knot, Fusarium wilt, grayleaf spot or alternaria collar rot are production problems. Its high resistance to fruit cracking will minimize losses from cracking during periods of frequent showers.

The vines of Nematex are determinate but have sufficient foliage to protect fruit from sunburning.

Nematex is very productive and appears to be adapted over a wide range of conditions. It has been tested in the Texas Tomato and STEP trials and rated high at most locations. Production yields of the Nematex is greater than the Homestead 24 variety. In fact, at Weslaco under ideal conditions the Nematex doubled the yield of the Homestead 24.

SPRAY PEACHES AND PLUMS-

Peach and Plum trees should be sprayed as soon as 75 percent of the blossoms have fallen. The purpose of the spray is to avoid worms in the fruit later in the season.

Two tablespoons of Dieldrin, Toxaphene or Malathion plus 3 tablespoons of wettable sulphur per gallon of water is recommended. One teaspoon of Zinc sulphate per gallon of water will greatly improve the foliage condition of the trees.

Repeat this spray every week for 4 or 5 weeks. A guide for controlling insects on fruit and nut trees, L-245, is available at the county agents office.

Summer Program Announced For Pre-Schoolers

Dr. Herman Brown, Title I adadministrator in Cameron Independent School District, has announced that a pre-school Summer Program begins June 6 at O. J. Thomas School.

Three teachers and four teachers aides will conduct the six weeks, 43-student program 8:30 to 1 p.m. dailey June 6 to July 15.

He said emphasis will be placed on reading preparedness.

Budget for the program, already approved under the Title I program inaugurated in October, 1965, will be $9,014.71.

Auxiliary personnel will include a health nurse, one parttime cook and one custodian.

The program is for educationally and culturally deprived children from families of $2,000 annual income or less, Dr. Brown noted.

Euipment to be used includes film strips, coloring books, controlled reader, an 8 mm loop color projector and other classroom supplies.

Each child will receive a medical examination. Planned for the summer program are four trips, including a trip to the State Capitol, Austin, and to a zoo.

Jenness Honored At Ford Dinner

Clifton Jenness of Hefley-Stedman Motor Co. Cameron, has been selected as one of the nation's leading Ford dealership salesmen during 1965, and received Ford Division's Top Hatter Award at a banquet at the Shamrock-Hilton Hotel in Houston on Saturday, March 26.

The Top Hatter citation, highest sales honor accorded by the Ford Division, will be awarded nationally to approximately 900 salesmen who represent about three percent of the nation's Ford dealership salesmen.

At the banquet, in addition to Top Hatter recognition, 300-500 Club membership awards were presented to Ford dealership salesmen in the district for excellent performances based on the size of their dealerships, including 11 salesmen who have qualified for 300-500 Club membership in each of the 16 years the Club has been in existence. Mr. Jenness also received a 16-Year Award.

Time To Vote ....

Elections Saturday and Tuesday for unopposed candidates both in Cameron District Board and City Council merit attention.

If school patrons and city residents show indifference at the polls in unopposed elections, it would give little indication of what they think of local government trends.

We would think that a good turnout for the candidates would serve as additional support for their efforts as well as those not now considered.

That is a value of the voting box. If ascertains what voters really think of their representation. The tendency, when no opposition exists, is indifference, which is no encouragement for progressive minded government. A healthy turnout would say more than "no opposition means satisfaction."

Every able citizen should at some time serve in some public capacity to understand what such responsibility entails. And every citizen, like the men running unopposed in both elections, would appreciate such a vote of confidence.

Supreme Court Decision ....

U.S. Supreme Court dealt pornography a blow last week when it upheld a five-year conviction of publisher - promotor Ralph Ginzburg, of New York.

By a 5 - 4 margin, the High Court found the publisher of "Eros", "Liason" and their ilk guiltier of "pandering to human lust" than of publishing obscenity, whose definition is legally varorous.

Ginzburg was more a promotor of this type of trash than publisher, though his magazines apparently left little to the imagination.

The pattern of base magazine and newspaper publication, begun after World War II, is now askew. Prosecutors can point to this decision in charging any defendant publisher who "panders to human lust."

Obvious defense in this country for the most marginal material is the First Amendment, freedom of the press. But abuses of this sort have been approaching legend during the past 20 years. Observe a newsstand or consider the "adult books" section in a city bookstore.

According to reports, Ginzburg drew considerable support from ultra-liberal intellectuals during his trial prior to the High Court review. It was here that "literary value" also was introduced in defense. Literary value is as difficult to define as abscenity in print.

Public libraries contain classic volumes, the whole sometime attacked because part is read out of context, which measure up as literature, not down as a mid - 20th Century abuse termed "adult".

A liberal view of literature is not a libertine view. It is an adult view offended as much as the most conservative by Ginzburg material.

To the fair minded, which implies maturity, the intent of a publication is determined by its publicity as well as by its content. The U.S. Supreme Court said so in this decision and quashed an abuse giving any legitimate publisher the shudders.

Poage Asks Added Financing For REA In New Amendment

Congressman W. R. (Bob) Poage, (D.Tex.) has introduced a bill (H.R. 14000) amending the Rural Electrification Act of 1936 to provide for the supplementary financing of rural electric and rural telephone systems.

The legislation is intended to furnish assured and viable sources of supplementary financing by utilizing both non-Federal and Federal funds through the establishment of a Federal Electric Bank and a Federal Telephone Bank. These banks would be patterned after the Farm Credit banks with the objective that they will ultimately become entirely privately owned, operated and financed corporations.

Each bank's capital structure would include (1) capital subscribed by the United States (to be retired as borrowers increase their subscriptions), (2) capital paid in by each borrower (5 percent of each loan) and (3) capital subscribed by borrowers and their members as investments.

The limited States would furnish capital to the Electric Bank in an amount equal to all net collections on outstanding REA electric loans until the total capital furnished by the United States reaches $1 billion and the United States would furnish capital to the Telephone Bank in an amount equal to all net collections on outstanding REA telephone loans until the total capital furnished reaches $250 million.

Poage said the bill provides that management of the respective banks would be vested in a Board of Directors consisting of ten members, five of whom would be Department of Agriculture officials and five of whom would be selected from the Directors, managers and employees of the entities who are actual borrowers from the respective banks or from the Rural Electrification Administration. The five non-government members of the Board would be selected by geographic areas of the United States.

The bill further provides that the Executive Officer of each bank would be the "Governor" who, as long as a majority of the stock of such bank is owned by the United States.

Voters Sign-Up Opens New Era

AUSTIN

Texas has some 615,000 new voters as a result of the March 3-17 free registration period.

Turnout was six times larger than state officials had predicted and could be an indicator of a dawning new era in Texas politics.

More than half the total came from four big counties -- Harris with an estimated 100,000; Dallas with 96,017; Bexar with 88,100 and Tarrant with 50,662.

Gubernatorial candidate Stanley C. Woods and two members of the State Democratic Executive Committee are attempting to intervene in the federal court action resulting from the poll tax suit and force reopening of the registration period. They are urging the court to allow registration upp until 30 days before each election.

Atty. Gen. Waggoner Carr is strongly opposing the motion -- arguing that all Texans interested in voting this year had ample opportunity to sign up during the 15-day period provided by the Legislature.

Federal judges have promised a decision -- after they review evidence -- on whether the period should be lengthened.

Carr submitted a 7,500-page report (including 3,500 newspaper articles from 500 Texas newspapers) to support his claim that everybody who wants to vote got a chance to qualify.

APRIL ALLOWABLE RAISED - Texas Railroad Commission, at a time when oil demand usually lightens, has raised statewide oil allowable for April to 33.7 percent of potential.

Increase was the seventh straight monthly boost. Only once before in the last 20 years has April allowable been higher than March.

New allowable permits maximum production of 3,199,550 barrels a day. March operation is under 33.2 percent of potential factor, permitting production of 3,170,316 barrels daily.

FEDERAL FUNDS - Texans hope to have eight new programs approved by the federal government by April 1 to launch a venture to promote technical services for business and industry.

Under the State Technical Services Act of 1965, programs approved by the U.S. Department of Commerce would make available new scientific and technological discoveries to inquiring businesses, industries and commercial enterprises.

Texas now is seeking $144,000 for the last quarter of this year to get the requested programs started at Texas Woman's University, University of Texas, Texas A & M University and Southern Methodist University.

Federal funds fully support these planning programs.

These eight fields have been suggested in proposals submitted to the Commerce Department:

Texas A & M -- Training formation specialists, chemical engineer workshop; electronic corporation managers, primary metal industry and petroleum industry workshops.

University of Texas -- Continuing education for engineers.

Southern Methodist -- Technical information services, North Texas.

Texas Woman's University -- Activiation analysis workshop.

DRAFT QUOTA DOWN - Col. Morris S. Schwartz, State Selective Service director, says 979 men will be called to fill the April draft quota. This is the lowest call since August, 1965.

Monthly calls in the period from September through March ranged from a low of 1,068 to a high of 1,523.

Pre-induction physical and mental examinations will be given to 3,005 men during April. This also is a reduction from March, when 5,515 were tested.

During the same period, he said, men classified as students rose from 85,000 to 104,000. At the end of January, there were 106,000 men classified in 2-S as students.

Education Commissioner-Dr. Jack Kenny Williams, Clemson University dean and academic vice president, is Texas' new Commissioner of Higher Education, at a $40,000-a-year salary.

Coordinating Board, Texas College and University System unanimously selected Dr. Williams, offering him $15,000 more than the governor makes. Some $17,500 of the total salary will come from private foundations or from members of the coordinating board itself. On August 1 Dr. Williams will assume his far-ranging dutie --coordinating activities and planning of 22 state-supported senior colleges and universities and 32 public junior colleges.

Board set hearings for April 4 on staff recommendations for new role and scope of state educational institutions to overhaul and strengthen the system. Final decision is due April 18. East Texas State University is protesting proposed loss of its doctoral programs and reduction to college classification. Texas Southern University wants to hang onto its law school, which the Board staff feels should be eliminated.

After requesting an attorney general's opinion on its responsibilities to pass on college buildings financed by general revenue, Board approved $1,800,000 library addition for Texas College of Arts and Industries, Kingsville, and endorsed purchase of Rosemont Apartments and land by Angelo State College, San Angelo, for $350,000. Apartments are being used for student housing.

OLD PHILOSOPHER

Dear editar:

According to every newspaper I've gotten my hands on lately Red China likely will be the world's worst enemy in the years ahead, even ahead of Russia, although Russia is no slouch in that department.

With Germany and Japan now on our side, with India growing kids faster than wheat, and with Russian men getting interested in automobiles and air conditioning and the Russian women now going to beauty parlors, Red China, the articles are saying, is the No. 1 potential threat.

Therefore when I read that two experts on China were going to appear before a Senate Committee on television, I dropped what I was doing, I don't remember what it was, and tuned in.

One expert said we ought to recognize Red China now and let her in the United Nations, that it'll be years before she is far enough advanced to threaten anybody with nuclear bombs. The other expert said no, we shouldn't recognize China, that she'll be delivering bombs before you know it, and we ought to hem her in now.

What I'd like to see the Senate Committee do now is come up with a man who is an expert on China experts.

When you get two experts coming to exactly opposite views, you're about where you were before you tuned in.

But by all means be sure to tell the Committee to come up with just one expert on the experts. If it gets two, and they disagree, the thing could go on all spring and summer, with one set of experts disagreeing on the expertness of the previous experts, until finally about everybody is used up and they got down to me, and I don't mind saying it wouldn't take an expert to find out how little I know about Red China. I don't even know what's happening at the court house in Cameron.

If you want to stay clear-headed about anything, never consult with more than one expert.

Yours faithfully
J. A.

DIPLOMATIC POUCH

WASHINGTON. The following letters were recently answered by the Department of State.

Enclosed is a copy of the letter we are planning to send to the various Heads of State. Is there a law of any kind against directing a letter to the head of state of a communist nation?

M s.
Los Angeles,
Cal.

Dear Mr. S.:

Any citizen of this country is is free to write to whomever he pleases at home or abroad. The Department of State, accordingly, would neither approve nor disapprove of your correspondence with Heads of State of communist counties. We do, however, feel obliged to point out that correspondence between citizens of the countries is subject to use as a vehicle for the dissemination of communist propaganda.

I have noticed various reports of increased effort of the United Nations in recent weeks to advance possible negotiations with Hanoi and Peking. To expedite matters it would be interesting and possibly fruitful to have a committee of UN members, friendly and acceptable to Peking, to diplomatically offer as "bait" to Red China, the possibility that our country might approve her admission to the UN if Red China adopted a more conciliatory policy. Undoubtedly North Viet Nam would quickly start negotiations if Red China suggested such proceedings.

S.N.
Brooklyn, N.Y.

Dear Mr. N.:

We agree that a change of attitude on the part of the Chinese Communists could make possible a peaceful solution to the situation in Viet-Nam. It seems unrealistic to believe that the prospect of admission to the United Nations would in any way prompt such change in attitude. It might on the contrary convince Peiping that its militant policy is achieving results and should be continued and intensified. Moreover, the Chinese Communist have heaped abuse upon the UN, insist upon extensive changes in it, and could be counted upon to seek to control the organization or paralyze its capacity to function if they were seated.

We also believe that UN membership cannot be considered "bait." To quote from Ambassador Stevenson, admission of the Chinese Communists to the U N would be a step which, "once taken, is reversible. We cannot try it and then give it up if it fails to work. Given the extraordinary and forbidding difficulty of expulsion under the Charter, we must assume that, once in our midst, the Peking representatives would stay -- for better or for worse."

Finally and of fundamental importance, as you know, the United States recognizes the Government of the Republic of China and strongly supports its position in international organizations such as the United Nations. The Chinese Communists demand, as a condition for their joining the UN, that the Government of the Republic of China be expelled. Peiping has reiterated this condition through its controlled press, official spokesmen and government statements.

Under these circumstances, the opposition of the US to the admission of the Chinese Communists to the UN, far from being "face saving" on our part, is a consequence of the behavior and the demands of the Chinese Communists. Their present aggressive attitude toward Viet-Nam is another case in support of this opposition.

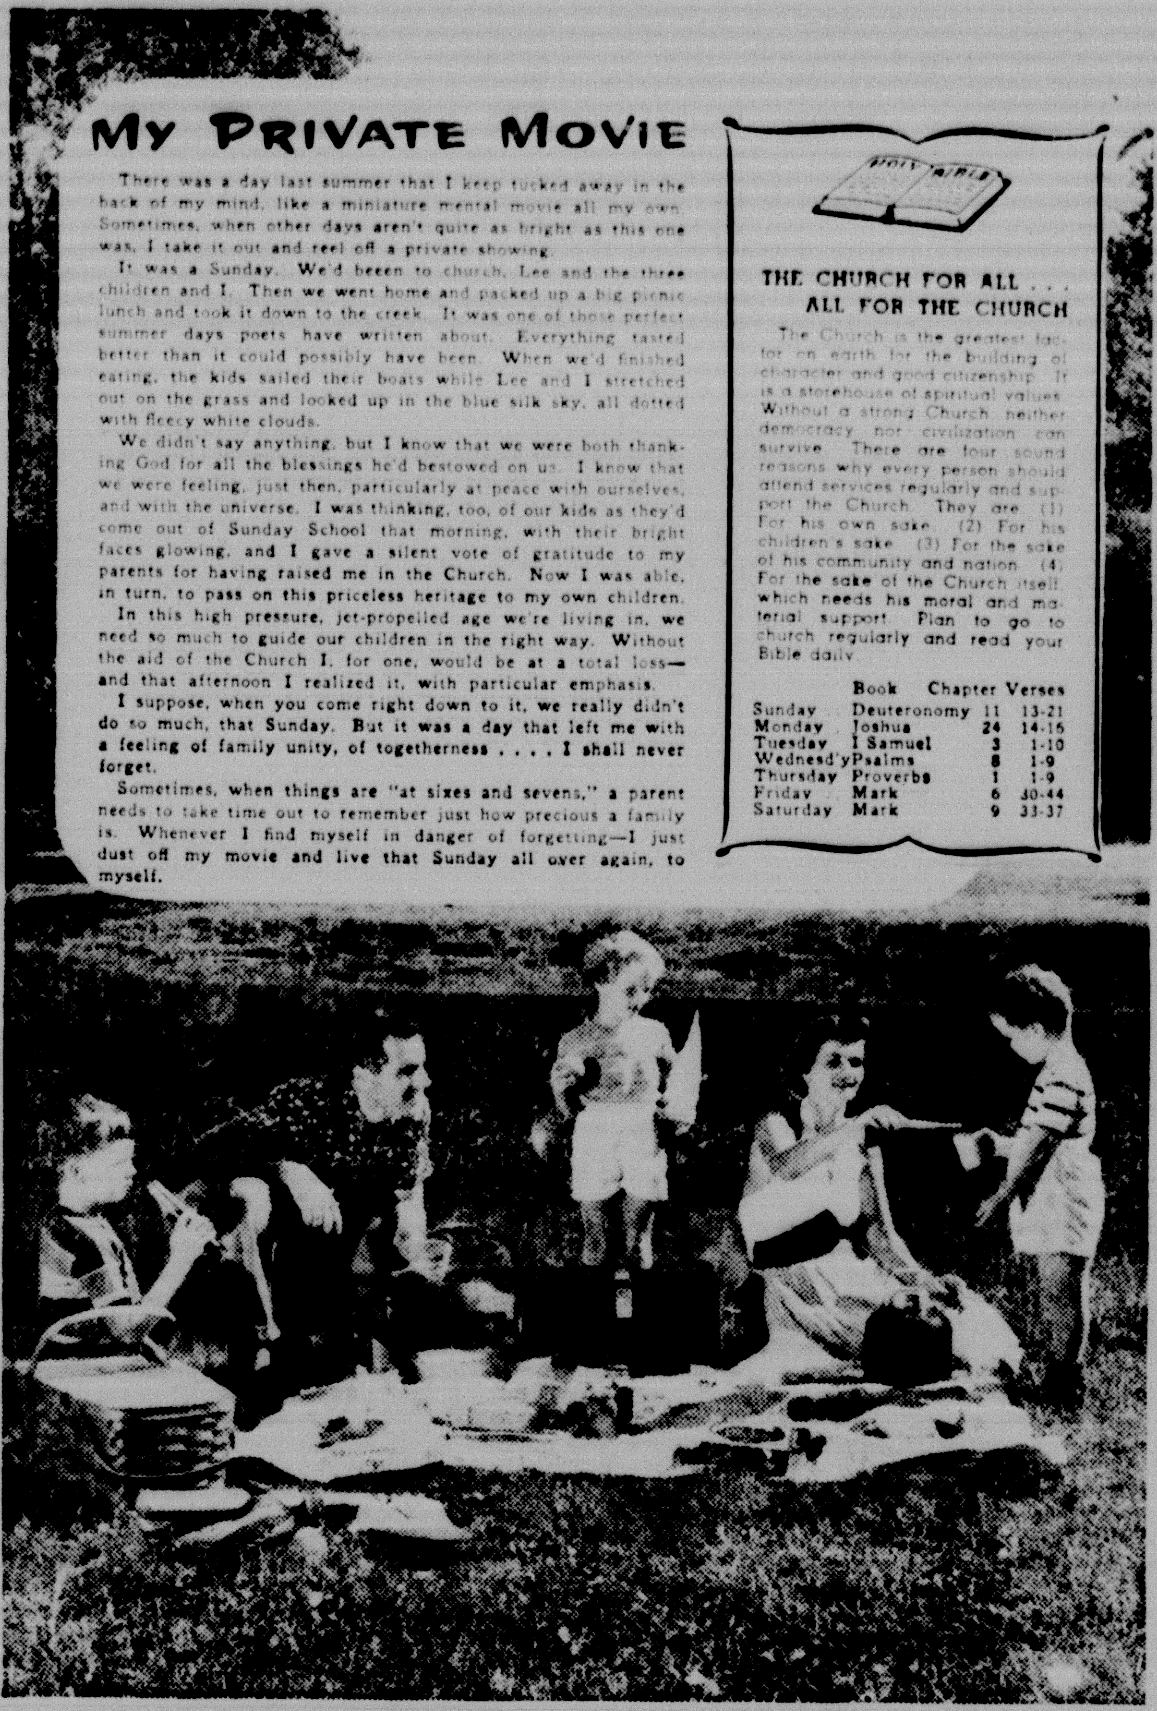
TAKE YOUR PROBLEMS TO CHURCH THIS WEEK

Millions Leave Them There!



MY PRIVATE MOVIE

There was a day last summer that I keep tucked away in the back of my mind, like a miniature mental movie all my own. Sometimes, when other days aren't quite as bright as this one was, I take it out and reel off a private showing.

It was a Sunday. We'd beeen to church, Lee and the three children and I. Then we went home and packed up a big picnic lunch and took it down to the creek. It was one of those perfect summer days poets have written about. Everything tasted better than it could possibly have been. When we'd finished eating, the kids sailed their boats while Lee and I stretched out on the grass and looked up in the blue silk sky, all dotted with fleecy white clouds.

We didn't say anything, but I know that we were both thanking God for all the blessings he'd bestowed on us. I know that we were feeling, just then, particularly at peace with ourselves, and with the universe. I was thinking, too, of our kids as they'd come out of Sunday School that morning, with their bright faces glowing, and I gave a silent vote of gratitude to my parents for having raised me in the Church. Now I was able, in turn, to pass on this priceless heritage to my own children.

In this high pressure, jet-propelled age we're living in, we need so much to guide our children in the right way. Without the aid of the Church I, for one, would be at a total loss—and that afternoon I realized it, with particular emphasis.

I suppose, when you come right down to it, we really didn't do so much, that Sunday. But it was a day that left me with a feeling of family unity, of togetherness . . . . I shall never forget.

Sometimes, when things are "at sixes and sevens," a parent needs to take time out to remember just how precious a family is. Whenever I find myself in danger of forgetting—I just dust off my movie and live that Sunday all over again, to myself.

HOLY BIBLE

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

LAMB WEEK

Governor John Connally has signed a proclamation designating Lamb Week in Texas the week of April 4-10. Texas stockmen produced more than one and one-half million lambs for market last year, but only a small percentage of the lambs were consumed by Texans. Most went to the East and West coasts. Texas sheepmen would like to see more lambs consumed close to home.

flameless ELECTRIC DRYING!

You can forget about the weather with a modern, *flameless* electric clothes dryer. It's so convenient, too, and so gentle on even your most delicate fabrics. And, because you can pop things in any time you want, you can get by with fewer family clothes. A *flameless* electric dryer costs less to buy — another electric appliance worth loving.

It's 1968.

(Aren't you glad you bought a Pontiac?)

Sure you're glad you picked a Wide-Track Catalina back in '66. Because year after year the record book shows Pontiac with one of the best resale values in the industry. After all, used car buyers go for that handsome Pontiac styling and lusty performance, too. For the steady Wide-Track ride, and everything else that has made us third in sales every year since 1961. (We know it's still '66—still time to price a Catalina.)

Historical Group Meets In Waco

WACO

Officers and members of the Milam County Historical Survey Committee have been invited to attend a Regional Meeting on Saturday, April 1, 1966, on the campus of Mary-Hardin-Baylor College in Belton, according to Pat Taggart of Waco, Member of the Texas State Historical Survey Committee and Director of Region 8. The meeting is to begin at 2:00 p.m. in the Townsend Library Auditorium. Members of the committees planning to attend this meeting have also been invited to attend a Luncheon, beginning at 1:00 in Hardy Dining Hall and are requested to make reservations with Mr. Dayton Kelly, Mary Hardin-Baylor College, Belton by Wednesday, March 30th. Those attending will be guests of Mary-Hardin Baylor.

Other officials of the Texas State Historical Survey Committee who will participate in this meeting include: Truett Latimer, Executive Director, Austin, who will talk on the operations of the State Office; and Robert Risher, Research Assistant, who will talk on the County Committee Competitions for 1966.

Region 8 encompasses the following counties: Bell, Bosque, Brazos, Burleson, Coryell, Falls, Hamilton, Hill, Leon, Limestone, McLennan, Milam, Robertson and Somervell.

HITTING OVERHEAD OBJECTS

Striking an overhead object can seriously damage a high-loaded trailer.

Such damage is uncalled for if you will attach a long radio antenna to your front fender. Pull antenna out until tip extends at least six inches above top of trailer load, then keep your eye on this antenna.

If it clears an overhead threat, so will your load.

SELF ANALYSIS QUIZ

Are You Kind To Your Younger Brother or Sister?

By Jane Sherrod Singer

Of course I am, you say. Here are some questions which may help you to know if you are **really** being the ideal OLDER brother or sister.

		YES	NO
1.	Do you often call the younger members of your family "pests"?	( )	( )
2.	Do you show your anger when a younger child is messy?	( )	( )
3.	Is it entirely up to your mother and/or father to take care of your younger brother or sister?	( )	( )
4.	Do you let your younger brother or sister do anything he or she pleases?	( )	( )
5.	When small things go wrong, do you tell your mother or father about it immediately?	( )	( )
6.	Are you easily irritated because a younger member of the family wants to be with you most of the time?	( )	( )
7.	Do you threaten or actually strike a child younger than you are?	( )	( )
8.	Do you find enjoyment in teaching your younger brother and sister?	( )	( )
9.	Do you, at all times, avoid teasing children younger than you are?	( )	( )
10.	Do you sometimes try to remember how you felt and what you did when you were the age of your brother or sister?	( )	( )

ANSWERS: All should be NO except 8, 9, and 10.

1. NO. Calling younger children "pests" hurts their feelings. Try to explain the things you do not like.
2. NO. Learning to be neat is part of growing up. Set an example by your own neatness but don't expect younger children to be as neat as you are.
3. NO. While big decisions must rest with your mother and/or father you are a member of the family. It is your responsibility to watch after your younger brothers and sisters.
4. NO. Because you are older, you have better judgment. Do not let younger children do things which will injure them mentally or physically.
5. NO. If you run to your mother or father with every problem, you will be no better than a "tattle-tale." However, do not hesitate to take big problems to adults.
6. NO. Actually, this is a compliment. Make some arrangement of "I will play with you now, but later I must be with my friends."
7. NO. Threats or physical violence are very dangerous. If the problem is so great you cannot handle it with kind, reasonable words, take it to your father, mother, teacher or some other adult.
8. YES. Many times you can teach younger children things grown-ups cannot. Try teaching a child how to tie his shoe, spell a word or learn a prayer. You'll be doubly rewarded.
9. YES. Teasing children is just another way of being a bully.
10. YES. No two people are exactly alike, but many of the things that your younger brother or sister is doing now you did when you were that age. Be patient, kind and remember how you felt.

RATING: **8 to 10 correct answers:** You are an excellent member of your family in the treatment of the younger children.

4 to 7: You can only rate yourself as fair. But the nice thing is that you can improve if you try.

0 to 3 correct answers: You are doing more harm than good to your family and to yourself. Why don't you go to some grown-up whom you trust and talk with them about your answers to these questions?

Legal Notice

CAMERON INDEPENDENT SCHOOL DISTRICT NOTICE AND MAYSFIELD COMMON SCHOOL DISTRICT NO. 63 NOTICE OF SCHOOL DESEGREGATION PLAN UNDER TITLE VI OF THE CIVIL RIGHTS ACT OF 1964.

This Notice is made Available To Inform You About The Desegregation of our Schools. Keep a Copy of this Notice. It will Answer many questions about school Desegregation.

1. Desegration Plan in Effect

The Cameron I. S. D. public school system is being desegregated under a plan adopted in accordance with Title VI of the Civil Rights Act of 1964. The purpose of the desegregation plan is to eliminate from our school system the racial segregation of students and all other forms of discrimination based on race, color, or natural origin.

2. Thirty-Day Spring Choice Period.

Each student or his parent, or other adult person acting as parent, is required to choose the school the student will attend next school year. The choice period will begin on April 1, 1966and close April 30, 1966.

3. Explantory Letters and School Choice Forms

On the first day of the choice period, an explanatory letter and this notice will be sent by first-class mail to the parents, or other adult person acting as parent, of each student then in the schools who is expected to attend school the following school year. A school choice form will be sent with each letter, together with a return envelope addressed to the Superintendent. Additional copies of the letter, this notice and the choice form are freely available to the public at any school and at the Superintendent's office.

4. Returning the Choice Forms.

Parents and students, at their option, may return the completed choice forms by hand to any school or by mail to the Superintendent's office, at any time during the 30-day choice period. No preference will be given for choosing early during the choice period. A choice is required for each student. No assignment to a school can be made unless a choice is made first.

5. Choice Form Information

The school choice form lists the names, locations and grades offered for each school. The reasons for any choice made are not to be stated. The form asks for the name, address and age of the student, the school and grade currently or last attended, the school chosen for the following year, the appropriate signature, and whether the form has been signed by the student or his parent. (If choice form asks for the student's race, color, or national origin, insert the following sentences: "The race, color, or national origin of the student is requested for purposes of recordkeeping required by the U.S. Office of Education. The information will not be used in any way to discriminate against the student.") Any letter or other written communication which identifies the student and the school he wishes to attend will be deemed just as valid as if submitted on the choice form supplied by the school system. The names of students and the schools they choose or are assigned to under the plan will not be made public by school officials.

6. Course and Program Information

To guide students and parents in making a choice of school, listed below, by schools, are the courses and programs which are not given at every school in this school system.

Yoe High School-Latin I and II, Spanish I and II, and Industrial Arts.

7. Signing the Choice Form

A choice form may be signed by a parent or other adult person acting as parent. A student who has reached the age of 15 at the time of choice, or will next enter the ninth or any higher grade, may sign his own choice form. The student's choice shall be controlling unless a different choice is exercised by his parent before the end of the period during which the student exercises his choice.

8. Processing of Choices

No choice will be denied for any reason other than overcrowding. In cases where granting all choices for any school would cause overcrowding, the students choosing the school who live closest to it will be assigned to that school. Whenever a choice is to be denied, overcrowding will be determined by a uniform standard applicable to all schools in the system.

9. Notice of Assignment, Second Choice

All students and their parents will be promptly notified in writing of their school assignments. Should any student be denied his choice because of overcrowding he will be promptly notified and given a choice among all other schools in the system where space is available.

10. Students Moving Into the Community

A choice of school for any student who will be new to the school system may be made during the spring 30-day choice period or at any other time before he enrolls in school. An explanatory letter, this notice and the school choice form will be given out for each new student as soon as the school system knows about the student. At least seven days will be allowed for the return of the choice form when a choice is made after the spring 30-day choice period. A choice must be made for each student. No assignment to any school can be made unless a choice is made first.

11. Students Entering First Grade

The parent, or other adult person acting as parent, of every child entering the first grade, or kindergarten (delete "or kindergarten" if not offered), is required to choose the school his child will attend. Choices will be made under the same free choice process used for students new to the school system in other grades, as provided in paragraph 10.

12. Priority of Late Choices

No choice made after the end of the spring 30-day choice period may be denied for any reason other than overcrowding. In the event of overcrowding, choices made during the 30-day choice period will have first priority. Overcrowding will be determined by the standard provided for in paragraph 8. Any parent or student whose first choice is denied because of overcrowding will be given a second choice in the manner provided for in paragraph 9.

13. Tests, Health Records and Other Entrance Requirements

Any academic tests or other procedures used in assigning students to schools, grades, classrooms, sections, courses of study, or for any other purpose, will be applied uniformly to all students without regard to race, color or national origin. No choice of school will be denied because of failure at the time of choice to provide any health record, birth certificate, or other document. The student will be tentatively assigned in accordance with the plan and the choice made, and given ample time to obtain any required document. Curriculum, credit, and promotion procedures will not be applied in such a way as to hamper freedom of choice of any student.

14. Choices Once Made Cannot be Altered

Once a choice has been submitted, it may not be changed, even though the choice period has not ended. The choice is binding for the entire school year to which it applies, except in the case of (1) compelling hardship, (2) change of residence to a place where another school is closer, (3) the availability of a school designed to fit the special needs of a physically handicapped student, (4) the availability at another school of a course of study required by the student, which is not available at the school chosen.

15. All Other Aspects of Schools Desegregated.

All school-connected services facilities, athletics, activities and programs are open to all on a desegregated basis. A student attending school for the first time on a desegregated basis may not be subject to any disqualification or waiting period for participation in activities and programs, including athletics which might otherwise apply because he is a transfer student. All transportation furnished by the school system will also operate on a desegregated basis. Faculities will be designated, and no staff member will lose his position because of race, color or national origin. This includes any case where less staff is needed because schools are closed or enrollment is reduced.

16. Attendance Across School System Lines

No arrangement will be made or permission granted, by this school system for any students living in the community it serves to attend school in another school system, where this would tend to limit desegregation, or where the opportunity is not available to all students without regard to race, color or national origin. No arrangement will be made or permission granted, by this school system for any students living in another school system to attend school in this system, where this would tend to limit desegregation, or where the opportunity is not available to all students without regard to race, color or national origin.

17. Violations To Be Reported

It is a violation of our desegregation plan for any school official or teacher to influence or coerce any person in the making of a choice or to threaten any person with penalties or promise favors for any choice made. It is also a violation of Federal regulations for any person to intimidate, threaten, coerce, retaliate or discriminate against any individual for the purpose of interfering with the free making of a choice of school. Any person having any knowledge of any violation of these prohititions should report the facts immediately by mail or phone to the Equal Educational Opportunities Program, U. S. Office of Education, Washington, D.C., 20202 (telephone 202-962-0333). The name of any person reporting any violation will not be disclosed without his consent. Any other violation of the desegregation plan or other discrimination based on race, color, or national origin in the school system is also a violation of Federal requirements, and should likewise be reported. Anyone with a complaint to report should first bring it to the attention of local school officials, unless he feels it would not be helpful to do so. If local officials do not correct the violation promptly, any person familiar with the facts of violation should report them immediately to the U.S. Office of Education at the above address or phone number.

Auto Increase Paces Traffic Death Toll

You may not have thought apout the matter in this manner, but in this age of heavy traffic more people are getting automobiles; but, on the other side of the picture, more automobiles are getting people.

Last year automobile production reached a record high, and during the same one-year period the traffic death toll on the nation's highways broke all-time records as it soared to over 49,000 deaths. Texas contributed 3028 traffic deaths to this toll, an all time high.

NOTICE—

NOTICE OF BOND ELECTION
THE STATE OF TEXAS
Counties of Milam and Falls

TO: The resident qualified voters of Pond Creek Watershed Authority:

NOTICE IS HEREBY GIVEN that an election will be held on the 16 day of April, 1966, in said Authority, in accordance with and upon the proposition contained in the RESOLUTION AND ORDER calling the election passed and adopted by the Board of Directors on the 12 day of March, 1966, and which Resolution and Order is made a part of this Notice and is in words and figures as follows, to-wit:

RESOLUTION AND ORDER

By the Board of Directors calling a Bond Election in Pond Creek Watershed Authority.

WHEREAS, Pond Creek Watershed Authority has been heretofore legally created and established by Acts of 1957, 55th Legislature, Regular Session, as amended by Acts of 1965, 59th Legislature, Regular Session; and

WHEREAS, the Board of Directors has adopted a plan for improvements to carry out the purposes for which the Authority was created; and

WHEREAS, the summary of the estimate of the cost of the proposed projects is calculated to be $200,000.00; and

WHEREAS, the Board of Directors now deems it advisable and to the best interest of said Authority to call an election in said Authority for the purpose of submitting to the resident qualified voters of said Authority the question of the issuance of bonds of said Authority;

THEREFORE, be it resolved and ordered by the Board of Directors of Pond Creek Watershed Authority:

That an election be held within and for Pond Creek Watershed Authority on the 16 day of April, 1966, for the purpose of submitting to the qualified electors of said Authority who own taxable property therein and have duly rendered the same for taxation, the following proposition:

PROPOSITION

Shall the Board of Directors of Pond Creek Watershed Authority be authorized to issue bonds of said Authority in the maximum amount of $200,000.00, to mature serially or otherwise over a period of not more than forty (40) years from their date, and to bear interest at a rate not to exceed six (6%) per cent per annum and shall there be annually levied and collected on all the taxable property in said District for the current year and annually thereafter while said bonds, or any of them, are outstanding and unpaid, a tax sufficient to pay the current interest on said bonds and to pay the principal as the same becomes due; such bonds to be issued for the purpose of acquiring funds necessary to purchase or acquire land, easements, properties and equipment for dams, structures, and facilities needed to utilize, control and distribute any waters that may be impounded, diverted or controlled by the Authority and for incidental expenses connected therewith, and for purposes authorized by the laws of the State of Texas applicable to Pond Creek Watershed Authority, particularly Acts of 1957, 55th Legislature, Regular Session, Chapter 279, as amended by Acts of 1965, 59th Legislature, Regular Session, Chapter 530.

That the ballots for said election shall have written or printed thereon the following:

OFFICIAL BALLOT

FOR the issue of bonds and levy of taxes in payment therefor.
AGAINST the issue of bonds and levy of taxes in payment therefor.

Each voter shall vote on the proposition hereby submitted by scratching or marking out one of the above expressions, thus leaving the other as indicating his vote.

That for the purpose of this election, the entire Pond Creek Watershed Authority is hereby constituted one voting precinct. The polling place for said election shall be the Peter A. Fisher Residence on North side of City Lake, in said Authority, and the following named persons are hereby appointed to act as election officers;

DOWELL HAILEY, Presiding Judge
TED FORD, Assistant Judge
PETER A FISHER, Clerk
MRS. PETER A. FISHER, Clerk.

Absentee voting shall be conducted at the Peter A. Fisher Residence on North side of City Lake, in said Authority, beginning March 28, 1966, and extending through April 12, 1966, between the hours of 8:00 o'clock, a.m., and 5:00 o'clock, p.m., which is at least eight hours, every day during said period except Saturdays, Sundays and official state holidays, and notice thereof shall be posted at said place designated for absentee voting at least twenty (20) days prior to the date fixed for said election. Mrs. Peter A. Fisher, who is a qualified voter in said Authority, is hereby appointed as Clerk to conduct such absentee voting.

The Secretary of the Board of Directors is hereby directed to publish a substantial copy of this resolution and order, or notice containing the same, signed by the President and Secretary of the Board, once a week for four consecutive weeks, in some newspaper having a general circulation in Milam County, and in a newspaper having a general circulation in Falls County, the first of such publications to be at least twenty-eight (28) full days prior to the date fixed for said election.

The said election shall be held and conducted in accordance with the laws of the State for holding general elections, except as otherwise provided by Chapter 3A, Title 128, of the Revised Civil Statutes of Texas, as amended.

All persons who are resident qualified property taxpaying voters, who own taxable property in said District and who have duly rendered the same for taxation, shall be entitled to vote at said election.

PASSED AND APPROVED, this the 12 day of March, 1966.

A. T. Garrett
President, Board of Directors

LEGAL NOTICE

CITATION BY PUBLICATION
THE STATE OF TEXAS

TO: Sidney E. Collins, if living, whose place of residence is unknown to Plaintiffs, and if dead, the legal representatives of said Defendent, and the unknown heirs of the said named Defendant; the legal representatives of the unknown heirs of said named Defendant, if the unknown heirs of said named Defendant are dead; the unknown heirs of the unknown heirs of said named Defendant, if the unknown heirs of the unknown heirs of said named Defendent are dead, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court, 20th Judicial District of Milam County at the Courthouse thereof in Cameron, Milam County, Texas, by filing a written answer at or before 10:00 o'clock a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this ciation, the same being the 25th day of April, 1966, to Plaintiffs' petition filed in said court on the 12, day of March, 1966, in this cause numbered 15,617 on the docket of said court and styled Willamai Ledbetter David et al, Plaintiffs, vs. Sidney E. Collins, et al, Defendants.

A brief statement of the nature of this suit is as follows; a trespass to try title suit in which Plaintiffs for cause of action would respectfully show the court the following, to-wit; that on or about the first day of January, 1940, they were lawfully seized and possessed of the following described land and premises situated in the Milam County, Texas, holding and claiming the same in fee title, to-wit:

All that certain tract or parcel of land, being one hundred (100) acres out of the P.J. Mahan Survey (1-3 league) in Milam County, Texas, and described by metes and bounds as follows: A part of the 338 acre tract conveyed to H. L. Lawhon by M. M. Bounds, and beginning at the N.E. corner of said 338 acre tract for the N.E. corner of this;

Thence N. 71 W. 790 vrs. to N.W. corner of this survey in north boundary line of said 338 acre tract;

Thence S. 19 W. 722 vrs. to S.W. corner of this survey;

Thence S. 71 E., passing Kildrops N.W. corner, 790 vrs. to the S.E. corner of this survey;

Thence N. 19 E. 722 vrs. to the place of beginning.

Said property containing one hundred (100) acres and being in the P. J. Mahan Survey.

That Defendants unlawfully entered upon said premises and ejected Plaintiffs therefrom and unlawfully withhold from them the possession thereof. Plaintiffs pray for judgment for title and possession of said lands and other and further relief to which they are entitled as is more fully shown by Plaintiff's petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to the requirements of law and the mandates thereof and make due return as the law directs.

Issued and given under my hand and seal of office at Cameron, Milam County, Texas, this the 12 day of March, 1966.

Grady Allen
Clerk of the District Court,
20th Judicial
District of Milam County,
Texas
